STONEHEART

Designed by nature

Un'estetica ricca di cultura, in grado di raccontare il trascorrere del tempo naturale fermandolo alla sua massima espressione. Una pietra direzionale dalla stonizzazione sofisticata e discreta, ispirata alle quarziti nordiche e declinata in una gamma colore essenziale ma completa e arricchita dalla proposta in 2cm di spessore, per dare continuità di posa tra interni ed esterni e aumentare le possibilità progettuali.

An aesthetic appeal based on the multifaceted aspects of culture, telling the tale of the passing of time and holding it at its maximum expression. Stone with a directional pattern, featuring sophisticated and subtle changes in tone. It draws inspiration from Nordic quartzite and is offered in an essential but complete range of colours. It is also available with a thickness of 2 cm for exterior installation, to guarantee continuity between indoor and outdoor spaces and increase possibilities of design.

Il design ha il suo habitat.

Pavimenti e rivestimenti sono gli sfondi che fanno da cornice alle nostre vite, ed è con questa filosofia che da oltre quarant'anni Polis sviluppa e realizza le proprie superfici: disegnare spazi che mettano al centro le persone, nei quali trovare ispirazione, sentirsi rappresentati e scrivere le proprie storie più belle.

Floors and walls frame our lives. For over forty years, this is the philosophy that can be found behind Polis and its surfaces: creating spaces that focus on people, where one can find inspiration, feel at home and write the most beautiful stories.
